Harris County Pipeline Work

ExxonMobil is investing in midstream and energy infrastructure projects across eastern Harris County. These investments reinforce and enhance the safety and reliability of our existing pipeline operations.

Pipeline Work Highlights

Maintenance and replacement work will take place along more than 40 miles of pipelines in Baytown, Channelview, Pasadena, Houston, and throughout Harris County.

ExxonMobil Pipeline Company's investment in this pipeline maintenance and project work in East Harris County totals more than $500 million.

Work began in the summer of 2020 and will continue into 2022 in certain locations.

Economic Benefits to Harris County*

Supporting 2,600 new jobs (880 direct and 1,720 secondary).

$753 million in total economic output.

$17.3 million in state and local tax revenue.

* Economic impact data has been developed by Texas Tech University.

Project Routes

*Project will utilize existing pipeline river crossing

Safety Is Our Top Priority

Safety is a core value at ExxonMobil Pipeline Company. We strive for flawless performance concerning the safety of our operations, employees, contractors, neighbors and the environment. Our safety, health and environmental performance goal is simply stated: "Nobody Gets Hurt. Not a Drop is Spilled."

X ray examination of all pipeline welds during construction to verify integrity prior to placing the line into service

Installation at greater depths than required in many places to reduce the risk of third party damage

Internal and external integrity assessments prior to and after placing the pipeline into service

A 24/7/365 monitoring and control system that uses computers, alarms and other technologies designed to remotely activate protective measures

A cathodic protection system designed to guard against corrosion and help ensure ongoing integrity

Aerial and ground based inspectors regularly monitor the pipeline route for potential integrity issues

Texas Communities Support Energy Infrastructure

A survey of 150 residents living along or near local pipeline routes was conducted in May 2019. Based on survey results, surrounding communities support Texas's pipeline industry and agree that its continued growth is good for the state.

2 out of 3 respondents hold a favorable view of the pipeline industry (67% favorable)

Nearly 8 out of 10 agree that the growth of the pipeline industry is good for Texas (79% favorable)

Committed to Our Community

30,000 gallons

of fuel donated to area first responders during Coronavirus pandemic.

160,000 gallons

of medical-grade sanitizer distributed throughout east Texas to medical providers, first responders, and frontline workers.

Good Neighbor Grants

Through our Good Neighbor Grant program, we're providing financial support to local schools, first responders, and non profit and community groups.

Our Programs Benefiting East Harris County

ExxonMobil Pipeline Company supports initiatives that promote safety, education and environmental protection so that Harris County can continue to be a thriving part of a growing Texas. In 2020, we supported many organizations throughout East Harris County through our ongoing programs such as STEM, Good Neighbor Grants and Texas A&M Engineering Extensions Service (TEEX). But we also adapted to a quickly-changing world. During the COVID-19 crisis, we shifted our operations to combat the spread of the virus. Approximately 160,000 gallons of medical-grade sanitizer was distributed throughout Texas to medical providers, first responders and community organizations. Our team also partnered with local small businesses and organizations to distribute medical equipment, meals and masks, and donate approximately 30,000 gallons of fuel.

Good Neighbor Grants

TEEX Training Participants

Sanitizer Donations

STEM Participants

Good Neighbor Grants awarded to:

1. City of Baytown
2. City of Pasadena
3. City of Webster
4. City of La Porte
5. Pasadena ISD
6. City of Deer Park
7. Pasadena Fire Department
8. Dobie High School
9. Moore Elementary School
10. Morgan's Point PD
11. Northwest Volunteer Fire Dept
12. Seabrook VFD
13. Adult Reading Center Pearland
14. A.G. Hilliard Elementary School
15. Armand Bayou Nature Center

First responders completed TEEX training from:

16. City of Baytown
17. City of Pasadena
18. Hazmat Special Services
19. Needville Volunteer Fire Department
20. Pearland Fire Department
21. Prairie View VFD
22. Spring Fire Department
23. Todd Mission Volunteer Fire Department

Sanitizer donations totaling more than 160,000 gallons made to:

24. City of Webster
25. City of La Porte
26. City of Baytown
27. Harris County
28. Lakewood Civic Association
29. City of Deer Park
30. Board of Regents of the University of Houston
31. City of Pasadena
32. Clear Creek ISD
33. University of Houston - Clear Lake

Schools participated in STEM programs:

34. Pasadena ISD
35. Channelview ISD
36. Goose Creek ISD
37. Deer Park ISD
38. La Porte ISD
39. Alief ISD
40. Austin HS, Houston ISD
41. Awty International School
42. Clear Lake ISD
43. Dayton ISD
44. Duchense
45. Episcopal High School
46. Fort Bend ISD
47. Galena Park
48. Galveston Diocese
49. Harmony Science Academy
50. Houston ISD
51. Humble ISD
52. iSchool High of The Woodlands,Conroe
53. Katy ISD
54. KIPP Houston
55. Klein ISD
56. Lamar CISD
57. Lamar High School
58. New Caney ISD
59. Sanchez Charter School
60. Sheldon ISD
61. Spring Branch ISD
62. Spring ISD
